Impact Statement 2021-2024

Postcode Local Trust

Impact Statement 2021-2024

Postcode Local Trust's mission is to support charities and local good causes in the West of England, through grant funding, to make a difference in their communities.

Over the last 4 years (2021 to 2024), we awarded over £10.4 million to charities and other good causes in support of this mission.

Meeting the needs of good causes

At Postcode Local Trust, we believe in listening to good causes and tailoring our support to reflect their needs. Over the past four years, we've evolved our funding approach to better reflect these needs, basing these changes on our own research as well as sector best practice. What began as project-based funding has steadily progressed, first to include core costs, then to offer unrestricted funding. Today, we are proud to provide exclusively unrestricted funding, grounded in our belief that the organisations we support are the true experts in their communities.

This shift is rooted in trust. We recognise that those on the ground are best placed to decide how to use resources for the greatest impact. As we take the next step by introducing multi-year funding, our commitment remains the same: to learn, to grow and to adapt, ensuring our programmes continue to empower grassroots organisations to thrive.

Funding in numbers

695 good causes funded through our community grants!

Working in Partnership

We also collaborate closely with our grant-making partners to reach hundreds of grassroots good causes. By working with these partners, we are able to draw on their expertise and specialist sector knowledge, which enhances the effectiveness of our support. It also allows us to extend our impact and work with different types of organisations, such as schools, that are not catered for in our standard grant programmes.

Case Study

Learning Through Landscapes

Learning through Landscapes' Local School Nature Grants

programme empowered schools and early years settings in England, Scotland, and Wales to take the classroom outdoors by providing £500 worth of outdoor learning resources, along with two hours of expert-led training for up to 30 staff members. Between 2021 and

2024, a total of £3,870,497 was awarded to support approximately 2,800 schools, including £559,163 allocated to 405 groups in the West of England.

This partnership exemplifies how collaborative funding can create meaningful, lasting impact, helping children connect with nature and enhancing outdoor education across the country.

Learning Through Landscapes - Heatherbrook Primary Academy, Leicester. July 2021.

Case Study

Sensory Trust

Sensory Trust

Sensory Trust is a Cornwall-based charity that champions inclusive access to nature. For over 25 years, it has created sensory-rich outdoor experiences that support people of all ages and abilities, including those with disabilities, dementia, and sensory impairments.

In 2024, Sensory Trust received a £25,000 unrestricted grant from the Postcode Local Trust. This funding supported the Creative Spaces programme, which brings people together in natural settings through storytelling, art, and shared experiences. The project has helped reduce isolation, improve well-being, and foster a stronger sense of community.

By making nature accessible to everyone, Sensory Trust continues to lead the way in inclusive environmental engagement.

Postcode Local Trust is a registered charity with the Scottish Charity regulator OSCR and has been in operation since 2015. The trust operates its own society lottery and receives all its funding from the players of People's Postcode Lottery.

An independent board of trustees is legally responsible for the governance of the trust and how it is managed
